Good morning Scott,

Your in box and voice mail must be full this morning.

You did an excellent job preparing with the background documents for the Planning Commission meeting tomorrow.

This is a land use, zoning issue. You are correct. I hope the planning commission and city council if needed, upholds your position .

If they don't, it will really leave a bad precedent . If zoning and land use policy is not for everyone, it will appear our city leaders roll over for the \$\$\$.

Best,
